Wherein a Solon Is a Sucker

WASHINGTON — A few days ago, a prankish member of the House of Representatives changed to look up at the gallery, where he spied an uncommonly pretty girl sitting all by herself. He betthought himself then of a fellow member of the House, a bachelor congressman who has an appreciative eye for this and that.

## Refunding Bill Is Passed by House on 88-to-12 Vote

Johnston and Vesey Hammer Measure in Final Round of Debate

1940 IS AN ISSUE

Administration Leader Asserts Candidates Hindering the Bill

LITTLE ROCK.—The House passed Governor Bailey's amended \$140,537,000 highway bond refunding bill with the emergency clause attached late Monday and transmitted it immediately to the senate. The vote was 88 to 12.

The vote followed more than two hours of debate in which 17 representatives spoke for the bill and eight against.

The senate had adjourned for the day before the house completed action on the bill.

The house adjourned until 2 p. m. Tuesday.

Every one of the 100 representatives voted on the refunding bill including Representative Leo Nyberg of Helena who is seriously ill in the Wildcat Mountain sanatorium. He was paired with Representative Rowland H. Lindsay of White county.

**Voting For the Bill:**

Anthony, Arbuthnot, Ault, Rains, Baker, Barnes, Bell, Billingsley, Blake, Brinkhouse, Bryson, Butler, Campbell, Caple, Caviness, Condy, Cowart, Creechmore, Darnell, Duncan, Erwin, Fordyce, Forehand, Gandy, Gibson, Goldman, Graham, Gray, Griffith, Hale, Harper, Holland, Hollingsworth, Hooker, Horton, Hudson.

Hutton, James, Johnson, Jones, Lattin, Ledford, Lookadoo, Machen, Manner, McElaney, McInturf, McKiddan, McNeal, Mitchell, Mitcheum, Murray of Boone, Murray of Dallas, Nyberg, Perryman, Platt, Reed, Riales.

Roberts, Robinson, Rongey, Rozzell, Seligson, Sellers, Shaw, Smelser, Smith of Cleveland, Smith of Crittenden, Smith of Lincoln, Smith of Woodruff, Tabler, Tackett, Taylor, Tibbels, Tipton, Thomas of Peoria, Toland, Toney, Waddell, Walker, Ward of Clay, Ward of Lee, Weisenberger, Williams, Wilkinson, Woolsey, Young, Bransford.

**Against the Bill:**

Cloer, Johnston, Leasure, Leflar, Lindsey, Massey, McMillan, Moncrief, Profit, Smith of Randolph, Thomas of Hot Spring, Vesey.

**1940 Gubernatorial Campaign**

The 1940 gubernatorial race was injected into the debate on several occasions. Representative William L. Ward of Lee county, majority floor leader, and Representative Ben D. Brinkhouse of Pulaski charged that prospective candidates for governor were responsible for opposition to the bill.

"There are some gubernatorial candidates—three of them—who are opposing this bill," said Representative Ward. "If it does not bring forth the fruits it holds forth, the man who sponsors this program will go down to defeat. Governor Bailey is staking his political future on this bill."

"All the way from Washington you can feel the hand of a man who is fighting it. I can call names—does this House want me to do so?"

There were shouts of "name them." Representative Ward grinned but called no names.

"The stenographer of a man who is an avowed candidate for governor sent word to my stenographer that her boss wanted me to oppose the bill," Mr. Brinkhouse said. "Some men to raise themselves politically would damn their own state."

**Legislators Are 'Goads'**

Representative Dan W. Johnston of Johnson county, closing for opponents of the bill charged that: "The governor makes up his deals, then calls us in here to be the goats. The only man who is for the bill is some one on the pay roll or a friend of a man on the pay roll."

He charged that several of his colleagues had been "bribed by patronage" into voting for the bill.

"The people voted down Amendment 28 last year," he said. "Amendment 28 was God's blessing compared to this thing. We are committing a sin against an unborn generation."

Representative Johnston charged that the governor had attempted to conceal details of the refunding plan from the people.

"You will be sorry for what you have done when the people find out the truth," he continued. "There's going to be a lot of strange faces here two years from now."

Mr. Johnston charged that the refunding bill called for an appropriation of \$142,000,000 whereas only \$140,537,000 is to be refunded.

"They said there would be no fiscal agents' fees or attorneys' fees," he said. "Then what are they going to do with that extra million and a half dollars?"

**"Fair Hearing Refused"**

Charging that limiting debate on amendments on the bill had prevented a "fair and complete hearing," Representative John P. Vesey of Hope said that "when the money lenders of the world put their money into this thing, you know they've got a copper-riveted cinch."

"Never was such a line of bologna and bunk strewn before a legislative body as the governor handed you here in joint session the other day," he said.

## Old-Time Stage Is to Visit Hope on World Fair Trip

Mineral Wells C. of C. Sending Stagecoach Thru Here Thursday

WILL SPEND NIGHT

Local Officials to Greet It—Local People to Be Given Ride

The Stagecoach Saravay, sponsored by the Mineral Wells Chamber of Commerce, on its way to the New York World's Fair, is scheduled to arrive in Hope Thursday afternoon at approximately 4 p. m. and will spend Thursday night here. The stagecoach left Mineral Wells, Texas, Saturday, July 15, and expects to make the New York World's Fair on or about September 5.

While here, the caravan will pick up letters to be taken to New York by stagecoach and then mailed back to the sender after having been marked with a special stagecoach cancellation and a regular New York City cancellation. As this is expected to be the last stagecoach to carry mail, these will be valuable additions to the collections of stamp fanciers. The price of these stamps is 25c for the special handling and 3c for return postage. The stamps will be on sale at the chamber of commerce in the city hall.

**To Be Welcomed**

R. P. Bowen, secretary of the Chamber of Commerce is making arrangements to have a group of civic leaders welcome the stagecoach and ride into town on it as an expression of good will to this caravan. Mr. Bowen has also been informed by E. R. Westcott, secretary of the stagecoach caravan, that the caravan carries two very good bucking horses and if a local rider can be induced to ride these horses arrangements will be made for this event to take place shortly after the arrival of the stagecoach.

There are 21 members of the stagecoach personnel, mostly cow boys, from the Matador Cattle Company ranch in Motley county, Texas, but the coach is driven by Rawls Miller, the wrangler is Dick Shepard, and the advance scout is Bub Heafner all of Turkey, Texas. The chuck wagon is in charge of Landon Kaufman, cook of the Matador ranch for many years.

At the present time the coach is averaging approximately 35 miles per day, and each night the boys bed down in typical cowboy fashion. The trip thus far has been extremely pleasant but without incident other than one or two runaways, both of which occurred in the City of Dallas, without any injury either to the coach or the horses. Although only two horses are generally used to pull the stage coach, when it arrives at the city limits, two others will be hitched to the vehicle, giving it the appearance of the old-time stagecoaches.

**Local People to Ride**

It is hoped that many local residents will turn out to welcome this good will caravan to Hope and from all indications this caravan presents a very novel experience and one that will remain in the memory of the people for many days to come. All persons interested in riding this stagecoach may do so, the only stipulation being that not more than eight people get into the coach at any one time due to the fact that the horses are traveling in such heat and it is the desire of the driver that they not be overloaded.

**No Wagon**

BALTIMORE.—(AP)—Local policemen have a "bring em back alive" technique that saves jail-wagon deterioration. Four officers joined the chase after a burglarly suspect was flushed in front of a broken jewelry-store window. After a mile gallop, he was finally caught, but they didn't call the patrol wagon. The capture was made 50 feet from a police station.

## Hope, Pine Bluff, Batesville Offices of WPA Abolished

\$17,000 Monthly Expense Is Cut Off Under New Enactment

OFFICE, EL DORADO

Wayne Fletcher Leaving Hope to Be District Engineer There

LITTLE ROCK.—A slash of a minimum of \$17,000 from the March WPA administration expenses of \$72,000 in Arkansas will be effected by sweeping changes in the state organization, Floyd Sharp, state administrator, said Monday. Eighty-five persons will be dropped from the administrative pay roll and field offices will be reduced from six to four. The reorganization, Mr. Sharp said, were necessitated by drastic cuts made in administrative allowances under the 1939-1940 work relief law.

**3 Officers Abolished**

Under the new arrangement which becomes effective Monday, July 31, offices at Pine Bluff, Hope and Batesville will be abolished. District offices will be maintained at Jonesboro, El Dorado, Little Rock and Fort Smith. A few substitutions will be established in the new districts. Mr. Sharp said, and in nearly all counties project offices will be opened.

Ed S. Dudley, present supervisor at Jonesboro, will retain his position there as will D. Boyd Collier in Little Rock and Henry Armstrong in Fort Smith. T. J. Collier Jr., present supervisor at Batesville, will be transferred to El Dorado in the same capacity. Frank Kirk, present supervisor at Pine Bluff, will become assistant district director at Fort Smith and Wayne C. Fletcher, incumbent at Hope, will become district engineer at El Dorado.

**District No. 2**

No. 2, El Dorado: Ashley, Bradley, Calhoun, Chiles, Clark, Columbia, Dallas, Desha, Drew, Hempstead, Howard, Lafayette, Little River, Cleveland, Lincoln, Miller, Ouachita, Nevada, Pike, Sevier and Union.

Personnel: T. J. Collier Jr., district director; Wayne C. Fletcher, district engineer; Ray Boxter, George Mosley and S. H. Hill, engineers; Bos E. Gibson, safety representative; Joe Floyd, warehouse supervisor; Cornelia Lee, supervisor, P. & S. projects; T. S. Holderness, supervisor of employment and Marvin W. Thompson, assistant supervisor of employment.

## U.S. Minister Is Believed Released

Donkey Boy Reports His Arab Kidnapers Have Released Him

JERUSALEM, Palestine.—(AP)—A donkey trader declared Monday night that the Rev. G. B. Goldner, 29, of Ohio had been released by his Arab abductors while efforts were being made to pay a partial ransom through a Bedouin tribesman.

Oshak Attia, the donkey trader, said he rented to Goldner and his father, Dr. Jacob Goldner, also a preacher, two donkeys for their trip to Marabus Greek Monastery Tuesday. When young Goldner was held for ransom and his father was released to arrange payment of the money, the donkeys were kept by the kidnapers.

Oshak said he had handed the younger Goldner over to two monks of the Marabus monastery, between Hebron and Bethlehem, on condition that he not enter Jerusalem before dawn Tuesday.

Jerusalem officials and friends of the Goldners were increasingly confident the young minister would appear soon. A check of monasteries was begun while word was awaited from the ransom messenger.

The sum entrusted to the messenger by A. L. Miller, general secretary of the Jerusalem Y. M. C. A., was not announced but it was said to represent a "down payment" with the remainder to be delivered upon the safe return of Goldner.

A friend of the clergyman said that the kidnapers had reduced their demands to \$2,500 from \$5,000.

**Fight and Fires Run in Parallel**

VANCOUVER, Wash.—(AP)—Joe Louis either has to make his fights last longer or Vancouver residents have to refrain from turning in alarms during broadcasts of championship bouts.

When Louis fought Jack Roper, Vancouver firemen settled back to listen and a lumber and blaze started. Before they got back Roper was through.

The flame fighters were waiting for the opening song of the recent Louis-Tony Galante fight when the alarm buzzed and they sired away from the station. When the fire was out, so was Galante.

Arrangements Being Made for Ozark Party in This Territory

Mr. and Mrs. E. L. Sherlock, formerly of Heber Springs, are now planning a homecoming and Heber Springs reunion for all the families formerly of the Ozark health resort now living in Hope.

A one-day program will be staged with addresses by O. B. Robins and Howard Reed of Heber Springs. Congressman W. D. Mills of Searey and others.

Mr. Sherlock says there are at least 50 families now living in Hope who have moved here, most of them working at the Bruner-Ivory Handle factory.

## Arkansas Will Honor Bob Burns

"Leading Citizen" of Hope Will Be Chosen by Ballot Box

Bob Burns, Arkansas' leading screen luminary, will return to his home town, Van Buren, Monday, August 7, for one of the most pretentious movie premieres ever held in the Southwest in connection with his latest starring film, "Our Leading Citizen."

Arrangements for the world premier at Van Buren and Fort Smith simultaneously, were completed when M. A. Lightman, president of Malco Theaters, Inc., flew to Hollywood for conferences with studio officials. With Bob Burns will be Irvin S. Cobb, famed Kentuckian, Susan Hayward and Joseph Allen who have featured roles in the picture. Columbia Broadcasting System will carry a coast-to-coast description of the event.

The Hope Star and Saenger Theater will conduct a poll to determine Hope's leading citizen who will be the guest of Bob Burns at the premiere. In an advertisement in today's paper there appears a voting ballot. Write the name of the one you think is Hope's leading citizen and drop in box at the Rialto and Saenger theaters before Friday night. All ballots and nominations must be taken to the Rialto and Saenger box.

The winning nominee, as Hope's leading citizen, will accompany Manager Remmel Young to Fort Smith for the premiere.

Three judges will count the votes that are placed in the Rialto and Saenger boxes.

## Field Day Program May Attract 6,000 or More Persons

Dr. H. H. Bennett, Soil Conservation Chief, Arrives at 10 o'Clock

WILL SPEAK AT 2:30

Waldo Frazier Delivers Feature Address During Morning

More than 2,500 persons had registered at 10:30 a. m. Tuesday for the soil conservation field day and free barbecue at the Alton CCC Camp seven miles south of Hope where Dr. H. H. Bennett of Washington, D. C., chief of the Soil Conservation Service, is to deliver the principal address at 2:30 p. m.

Indications were that the crowd would reach 6,000 or 7,000 by the time Dr. Bennett is scheduled to speak. Dr. Bennett, Louis P. Merrill and other soil conservation officials arrived in Hope about 10 o'clock coming here from Shreveport.

The field day program is sponsored by Terre Rouge-Bodewau Soil Conservation district at Hope and the Mine Creek Soil Conservation district at Nashville.

**The Morning Program**

The Arkansas Farm Bureau Federation had the morning program, which featured an address by Waldo Frazier of Little Rock, R. E. Short of Brinkley, president of the Arkansas Farm Bureau, and H. E. Thompson of Little Rock, assistant director of the Arkansas Agricultural Extension Service. H. H. Huskey presided over the morning program, and the Hope High School band provided music.

George Ware, manager of the Fruit and Truck Experiment Station, of Hope, will be master of ceremonies at the afternoon program. The speakers who will appear with Dr. Bennett include Glenn E. Wallace, Nashville, chairman of the board of supervisors, of the Mine Creek District; Mayor W. E. Atkins of Hope, and Louis P. Merrill, conservator of Region 4 of the Soil Conservation Service.

**3,000 Pounds Meat**

Members of the barbecue committee reported that more than 3,000 pounds of meat had been donated for the field day barbecue. Chairman of the various committees are as follows: Entertainment and program, H. H. Huskey and W. C. Page, co-chairman; finance, B. L. Kaufman; band, E. P. Young; barbecue, R. C. Ellen; arrangements, George Ware; and invitation, R. P. Bowen. Members of these committees represent the Chamber of Commerce, Hope civic groups, agricultural organizations and members of the personnel of agricultural agencies.

The visitors will have an opportunity to visit some of the 341 farms on which coordinated conservation systems have been established or are in the process of establishment with the assistance of technicians of the Soil Conservation Service Project and the CCC Camp at Hope. These farms cover more than 30,000 acres.

Similar practices are being established on farms in the 1,000,000-acre Terre Rouge-Bodewau Soil Conservation District, which is beginning operations in Hempstead, Nevada and Lafayette counties. Riley Lewallen of Hope is chairman of the board of supervisors.

The counties and the number of workers who come under the 18-month rule, but in which a complete check of regular and state-wide project has not been completed, include: Clark 22; Columbia 10; Hot Spring 22; White 30.

In the following counties a completed check of projects shows: Arkansas 95; Hempstead 165; Ouachita 202; Pope 293; Union 312.

## Japs Blockading the Canton River

Notify British Important Artery Will Be Closed Two Weeks

HONG KONG, British Crown Colony.—(AP)—The Japanese consul at Canton, China, notified the consular authorities of other nations, including the United States, Tuesday that "for military reasons" the Japanese would close the Canton river for two weeks starting at midnight Wednesday.

The move was reliably reported in the nature of a blockade to cut shipping between Hong Kong and Canton; and in conjunction with the measure, it was said, the Japanese planned to blockade the British and French concessions on Cantons Shamen Island.

## 165 on WPA Here 18 Months, More

Total of 7,735 to Be Removed From Rolls Throughout State

LITTLE ROCK.—(AP)—Preliminary checks made in 58 counties on regular WPA projects, and in all 75 counties on state-wide projects show a total of 7,735 workers who have been continuously employed for 18 months or longer, and who, with certain exceptions, must be removed from the pay rolls immediately, Floyd Sharp, state administrator, said here Tuesday.

The counties and the number of workers who come under the 18-month rule, but in which a complete check of regular and state-wide project has not been completed, include: Clark 22; Columbia 10; Hot Spring 22; White 30.

In the following counties a completed check of projects shows: Arkansas 95; Hempstead 165; Ouachita 202; Pope 293; Union 312.

## Garden Mists

I heard the sweetest music, in my garden, just last night. I happened in upon it, when the moon was at its height. So, listen, while I tell you of this entertainment grand. For if you've never been at one, you couldn't understand. The stage was just a bed of velvet. Pansies—ruby—black. With rows of stately hollyhocks for scenery in the back. The Daisies, Stocks, and Candytuft stood out in snowy white. And all the flowers looked radiant in the stillness of the night. Trumpet notes were sounding from a bed of Columbine. With Morning Glories joining in that orchestra, so fine. And everywhere the Crickets' whirs, and hum of sleepy bees. Floated like a lullaby upon the mid-night breeze. Choruses were rendered by a Choir of humming birds. The Spot-light moon made colorings too picturesque for words. And Fox Gloves, with their dainty threats were joining in the singing. While all around the wall, the blue-bells kept a-tinkling. Now, if you feel like taking in a con-

cert any night, Just slip into your garden when the moon is at its height. You'll get the biggest kind of thrill. of that, I have no doubt. But never let the little Artists know that you're about—Selected.

All roads lead to the CCC Camp Tuesday, but South Main street seems to be the chosen pathway. Early morning traffic consisted of trucks and supplies of all kinds to accommodate the ten thousand or more visitors, and the chairman of the different committees report that all things are ready for the visitors who are at this time beginning to vent their way outward, where a program of entertainment will be started at 10 o'clock. The afternoon's program will be featured by an address by Dr. H. H. Bennett, Chief of Soil Conservation Service, Washington, D. C.

Prof. E. L. Pearson of Lambuth, Nevada county, is in Hope Tuesday to attend the picnic and speaking.

"Wonderful," said the girl.

"You are engaged to a man named Wilkins," continued the amateur seer.

### Lesson For Mothers in Go-as-You-Please Diet

The experiments of Dr. Clara M. Davis in allowing children to eat when and as they pleased, were no doubt astonishing to all mothers. To think of one little fellow eating ten eggs, then going to sleep and feeling fine the next day is something that belongs in Wonderland.

And then there was the other one who loved cod-liver oil and helped himself to it by the table-spoonful. Will wonders never cease?

Of course no mother would dare do such a thing as to allow her children to eat exactly what they want to eat exactly as much they like. But in the case of the sickly, rickety little folk that Dr. Davis was working with, it was all so scientific and well-planned, it was not only a new lease on life for her patients, but an example that gives us all something to think about.

Her idea is that many children won't eat because of pressure at meal time. She also believes that nature puts in her own demands through appetite.

## TODAY'S PATTERN

Smart Sophistication Lies in This Large-Size Frock

By CAROL DAY

Especially designed for large women who want something gracious and sophisticated, yet possessing youthful chic, this dress, Pattern 8534 has lovely lines, and just the right touch of formality for afternoons.

The skirt is paneled, and has long, slim, unbroken lines. The bodice fits beautifully, being gathered onto the shoulder yoke to ensure a nice bust-line. It is trimmed with narrow revers that are just dressy enough without looking fussy.

Wear this to luncheons, bridge parties and club meetings, in small-figured silk prints, flat crepe or rayon jersey. You'll like everything about it, from the wide-shouldered sleeves (which always help you look slimmer) to the gradually flaring skirt.

Pattern 8534 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38 requires, with short sleeves, 4½ yards of 39-inch material; with long sleeves, 4¾ yards.

The new SPRING and SUMMER PATTERN BOOK, 32 pages of attractive designs for every size and every occasion, is now ready. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Spring and Summer Pattern Book—25 cents. Pattern or book alone—15 cents.

For a pattern of this attractive model send 15c in coin, your Name Address, Style Number and Size to Hope Star Today's Pattern Bureau, 211 W. Wacker Drive, Chicago, Ill.

Sealed bids will be received by the undersigned at said City Hall up to 2:00 P. M. on the day of the sale at which time such bids will be publicly opened and contract awarded if a satisfactory bid is received. Purchaser will be required to execute bond in the sum of \$500.00 with approved security for the faithful performance of his contract. Said sale will be made subject to the approval of the Hempstead County Court and the right is reserved to reject any and all bids.

## Revival Beginning at the New Hope Church

The Rev. Levi Compton and the Rev. C. G. Bennett will begin a week's revival at the New Hope church two miles north of Palmos schoolhouse immediately. The public is invited.

weekend, we thought we detected a smirk—in our direction.

So we settled down in the shade to cool off and find distraction, a book we had yanked out of the shelf at random. Its title, alone, was enough to depress us for the rest of the afternoon. It was Louis Bromfield's 'The Rains Came.'

When the storm clouds gathered on Sunday evening, we knew for the first time the emotions a farmer in the dust bowl must feel at the height of a great drought, when the promise of rain comes and goes like a desert mirage. The feeling of keyed-up expectation—and the impact of doom when it passes over.

Yearning for Bad Weather

Our neighbors are solicitous and comforting. Those who have come to look us over, figuratively put our confused heads and mutter that our pond will make a fine swimming hole one day. In their eyes is visible that universal look of the samaritan who cheers up the patient at the bedside, though they considerably try to conceal it.

Edgar, who lives just up the road and who does the handy work, has chortled the course of every little brook and spring and finds that they all flow in this direction. A little rain, he says, will set them flowing again and everything will be all right.

Well, perhaps. If our fingers feel sprained, it's merely because they have been crossed so much. As we look out from the porch now, the sky looks terrible and uninviting. The stars are out and the firmament is aglow with phosphorescent planets. The moon is shining and the man in it is laughing so loud that we can hear him down here.

It's going to be a nice day tomorrow.

Damn it!

### And Then He Sneezed

"Name?" queried the immigration officer.

"Sneeze," replied the Chinese proudly.

The official looked hard at him.

"Is that your Chinese name?" he asked.

"No, Melican name," said the Oriental bludily.

"Then let's have your native name."

"Ah Choo."—Log.

## IN NEW YORK

NEW YORK — We have been fixing up a little house in the country. After futile threats to be glued to the aircooled cinema palaces and hug the refrigerated pubs while the fahrenheit is Alpine-climbing, the little lady and this meek lamb succumbed to a few lonely acres, a homestead and a waterless pond.

The man said that it will be a fine pond one day, with a little rain and gentle irrigation from the hills. But the gentle rain from heaven has not been forthcoming, the quality of mercy being unusually inferior this season.

The first bucolic weekend left a deep tinge of remorse and disappointment. Twice the roll and clap of thunder bore tidings of downpour, but nothing happened. Can it be that the Olympian struter whose name (if mythology I still serves the memory of this backward student) was Thor, is only a Big Noise? The impending storms skipped and scrubbed us, without so much as a nod, and left the ditch that the man called a pond, as deep and dry as when we found it.

### Was Sun Smiling—or Leering

Instead, the sun baked down upon the heath that hereinafter we will designate as our "property," sapping up whatever moisture might have gathered in the trench dug outside our door. While all our fellowmen on the golf links and the beaches may have distinctly seen Old Sol smile last

### Legal Notice

#### LEGAL NOTICE

Notice is hereby given that on Friday, July 28, 1939, the undersigned, as commissioner for and on behalf of Hempstead County, will offer for sale to the highest and best bidder for cash at the City Hall in the City of Hope, Arkansas, the old Garland school building situated on parts of Blocks 18 and 19 in College Addition in the City of Hope, Arkansas, and being a brick structure containing three stories and a basement and being approximately ninety feet (90) long and eighty-five feet (85) wide.

Purchaser will be required to tear down and remove said building and trash caused by tearing down of said building, all prior to November 1, 1939. Purchaser is to tear down the basement walls and/or foundation at least eighteen inches below ground level.

Alternate bids will be received where purchaser agrees to fill the basement or excavation under said building up to ground level. Such fill may be made with brick bats, plaster, concrete, and/or dirt provided that from one foot below ground level to ground level, such fill shall be made with good dirt.

Sealed bids will be received by the undersigned at said City Hall up to 2:00 P. M. on the day of the sale at which time such bids will be publicly opened and contract awarded if a satisfactory bid is received. Purchaser will be required to execute bond in the sum of \$500.00 with approved security for the faithful performance of his contract. ## Accommodating

The determined looking lady was trying to fill out a money order application with the pen furnished by the post office. She made several trials, but in vain, then gave up in disgust; and, turning to the man behind the window, tried to freeze him with a glare as she demanded:

"Is this the pen John Hancock used when signing the Declaration of Independence?"

Uncle Sam's pleasant and efficient contact man replied: "Information at the next window, please."

## Yankees Stronger Than Ever With Recruit Buddy Rosar Aiding Dickey

New Backstop Smacks Ball, Handles Young Pitchers Well and Keeps His Boss Entertained With Wise Cracks

By HARRY GRAYSON  
NEA Service Staff Editor  
NEW YORK — Those who said in the spring that Yankee reserves were more capable than regulars on other major league outfits were not wrong.

Warren Rosar is the latest to demonstrate how well the world champions are fixed in the way of a second string.

"Even when Rosar is sitting on the bench, he's doing and saying things that make you know he's around," says Joe McCarthy of his Buffalo neighbor.

"He's sort of shy off the field, but he can make noise in the dugout and has a sense of humor you'd never suspect by looking at him around a hotel."

"In the second game of the double, headed in St. Louis, Joe Glenn, catching for the Browns, was hit on the right hand by a foul tip. Glenn shook his hand, and Roscar, who was sitting on the bench, hollered. 'Hey, Joe, what have you got a glove for?'

"I got a laugh out of that," beams McCarthy, who is not easily entertained.

Buddy Rosar, who led International League batters last season, is one of the most powerful and finest right-hand hitters in the business.

The French-Canadian is in the game every second.

He made no mistakes in judging in handling the first-yearmen, Marius Russo in Cleveland and Alton Donald, as the latter scored his three-hit shutout over the Browns for his 11th consecutive victory and a major league record for a peaceman.

With Rosar around, McCarthy can give Big Dickey badly needed rest periods without weakening his all-star cast.

Joe DiMaggio again believes that he'll be the first Yankee in history to finish a grind with a batting mark of .400.

The San Francisco slugger doesn't believe he'll suffer another slump, like the one he recently broke in which he made only one hit in 20 attempts to see his mark drop from .420 to .390.

Why Horses Will or Won't Run in Mud  
Jim Fitzsimmons has been around the tracks for 40 years and isn't exactly sure why horses will or won't run in mud.

"It may be a matter of breeding," says the fleet Johnstown's trainer.

"Then again, some horses have small feet and the hard surface of a fast track stings them. When they get on a soft strip it feels so good that they step right along."

"Most of the time, too, you'll find that horses which sort of chop along with short steps run best in mud."

"Long-striding ones like Johnstown seem to slip more on a sliding surface."

"They become afraid. It's logical. They're stretching so far they may be off balance when they strike down."

"You can't be sure about any horse in the mud until you have given him a good trial."

"All of Man o' War's get were supposed to be good mud runners, but I had one . . . Hard Tack, which could not stand up in it."

Neither could Hard Tack's son, Seabiscuit, although he managed to do fairly well otherwise.

It was Sunny Jim Fitzsimmons who advised the Wheatley Stable to sell Seabiscuit down the river.

"If I had known how good he was going to be, I'd never have had him sold," asserts Fitz with a wry smile.

Jim Fitzsimmons wasn't the first trained horseman to guess wrong on a thoroughbred.

Best Putters Stroke Toward The Outside  
Byron Nelson, United States Open champion, calls Joe Harrison the finest putter in golf.

Dutch Harrison strikes toward the outside which means that when he misses the cup he misses it on the right.

Eighty per cent of putts that don't drop slide by on the right-hand side.

Players who aim from left to right at the cup hole a bigger percentage of their putts.

## Sid Luckman to Play Pro Football With Chi

CHICAGO.—(AP)—Sid Luckman, Columbia University triple-threat star of last season, signed a two-year contract with the Chicago Bears of the National Pro League Monday.

Luckman completed 66 passes out of 132 attempts for 866 yards in 1938. He gained 4.6 yards per try in 92 throws and most of the team's punting. He was on the second All-America.

Owner George Halas of the Bears declined to divulge contract terms but said Luckman "got one of the most attractive contracts we have ever offered a freshman player."

## WE, THE WOMEN

Job-Hunting Is Science Schools Fail to Teach

By RUTH MILLETT

Whether they have just put high school or college behind them, most young people are turned loose to hunt for jobs without having received a simple tip on job-hunting.

Employers complain that the young people who come to them asking for work "don't know anything about anything," despite the impressive school records they have of back them up.

And it's no wonder they look so dumb to an employer. All he can possibly judge them by is the way they go about getting a job—a thing they are tackling "cold."

Most students don't go to school longer than the law requires because they want education for education's sake, even though educators like to suppose they do.

They stick it out and their parents foot the bills as long as they are able to, because they want to have the best possible qualifications for a job.

Why, then, doesn't every high school and college in the country offer a course—and see that all seniors enroll for it—called "How to Get a Job," or something else just as down to earth?

Employers Could Speak  
The course could, at least, teach young people where to look for jobs in their fields, how to behave during an interview, how to write a letter of application with their own qualifications in mind, and what things—such as the appeal, "If you'll just give me a chance I'll do anything"—get an applicant nowhere with an employer.

It wouldn't be a bad idea for the school to ask a few different executives to come to class and let the young and ambitious ask for a job and meet some of the usual remarks and questions.

Schools ought to wake up and do something about next year's graduates.

Chemistry For Businessmen  
LOS ANGELES.—(AP)—The University of California at Los Angeles thinks the educated man should know something of chemistry even if he's in some different field of work.

As a result, an experiment is being made in giving a simple survey course on the subject to budding lawyers and businessmen, as well as to scientific students.

A convention of women's clubs adopted the word "housewife" to replace "housewife."

## HARRISON IN HOLLYWOOD

Hollywood Stars Tell All—At Least a Good Deal—in a Minute Each

By PAUL HARRISON  
NEA Service Staff Correspondent

HOLLYWOOD.—One-minute interviews:

Frank McHugh: "Most comedians, if they're honest, don't think they're funny, and neither do their wives. That's why we worry so much. But it's a good thing to do a certain amount of worrying; it keeps your weight down."

Madeline Carroll: "I'm probably the most embarrassed woman in Hollywood. Here I am with a divorce action pending against my husband, Phillips Astley, and they pop me in a picture called 'Are Husbands Necessary?' when the irony of it dawned on me. I asked the studio to change the title. But they wouldn't promise anything."

Bing Crosby: "If all the good young singers could get a chance, there'd be a thousand guys as good as I am on the air and in pictures. I was just lucky, and don't think I don't realize it."

Errol Flynn:
